Deputy Network Director Named for VA Health Care Upstate New York

Darlene Delancey, MT ASCP, M.S. has been named Deputy Network Director for VA Health Care Upstate New York which oversees Albany, Bath, Canandaigua, Syracuse and Buffalo VA Medical Centers and twenty-nine community based outpatient clinics. The health care organization serves over 130,000 Veterans in upstate New York. She had previously held the position of Network Education and Learning Officer for VA Health Care Upstate New York.

Ms. Delancey has been employed with the Veterans Health Administration (VHA) for 23 years. She began her career in 1988 at the Albany VA Medical Center, where she held the position of Coordinator of Medical Center Education and was responsible for all employee education and associated health trainee education. During her time at the Albany VA Medical Center she also served as the Executive Staff Assistant to the Albany VA Medical Center Director. Ms. Delancey joined VA Health Care Upstate New York in 1999.

Ms. Delancey has a BS degree in Medical Technology from Plattsburgh University and a Master of Science Degree in Program Development and Evaluation and Adult Education from the University at Albany.
